About us

Eagle Well Control is a training and recruitment company with its head office in India (Mehsana, Gujarat) and its global training centers are in the Philippines (Quezon City & Cebu), Nigeria and Abu Dhabi.

All our centers are modern and spacious. We believe in small batch sizes and ample simulator practice time to ensure that each candidate gets thorough knowledge and instructor's undivided personal attention.

We don't just believe in ensuring that the candidates pass the exam. We also ensure that they learn and understand and finally are able to use the learnings in their practical "well control" scenarios on the job.

Eagle Well Control is your answer to the increasing talent shortage in Oil & Gas Industry. Our experts have strong background in this complex market to look for the talent that the companies deserves.

As a recruitment company we specialize in providing drilling crew (both junior & senior level). When it comes to mass recruitment, we have a mass recruitment team, which specializes in catering to hire multiple level position even at short notice.

About us

Accounting and financial management are universally recognized as an essential requirement of the fast changing world. The **International School of Finance (ISF)** prepares the job seeking professionals to compete and face the challenges of the fast growing business world and to reap the benefits. The ISF is a budding educational institution with qualified teachers and experienced professionals. They nurture and groom students to make them promising professionals through theoretical and practical capacity building programs.

The unique array of courses under the ISF umbrella aim at providing practitioners with a sound grounding on financial and accounts management. We are uniquely positioned to understand global trends and local requirements in this field.

The main challenges that we take up through our courses are to equip the youth with latest theoretical, analytical and practical tools and techniques to help them grab highly paid jobs or become versatile private practitioners.
